

BS-528 General purpose illuminated indication sign

TECHNICAL SPECIFICATIONS

OPERATING VOLTAGE	12 or 24V DC
CONSUMPTION	140mA
LIGHT SOURCE	6 high luminosity red LEDs
SOUND OUTPUT	Internal buzzer 80dB
IP COVER PROTECTION	IP 30
PRODUCED IN ACCORDANCE WITH	EN 60598-1, EN 60598-2-1, EN 61547, EN 55015
OPERATING TEMPERATURE RANGE	0 to 60 °C
HUMIDITY	Up to 95% relative humidity
SIGN PANEL DIMENSIONS	340x170mm
OVERALL DIMENSIONS	350x200x25mm
WEIGHT	850gr.
	2 years

Thank you for your trust in our products
Olympia Electronics - European manufacturer

GENERAL

BS-528 is one of the display means and in case of activation, it produces a sound signal by the use of its internal buzzer and an optical signal by the use of the illuminated panel.

The illuminated panel is made of plexy-glass which is engraved with the displayed sign.

The light that comes from the upper part of the luminaire, is diffracted into the plexy-glass, and illuminates the alarm sign.

This sign is visible only when the system has been activated. Upon activation the sign flashes and the internal buzzer sounds in order to inform the public.

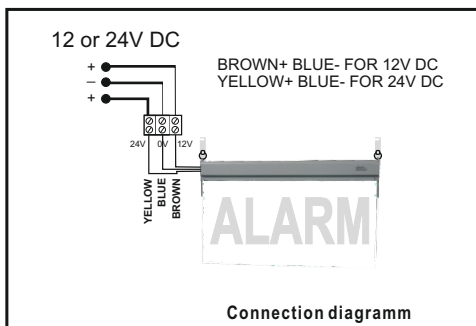

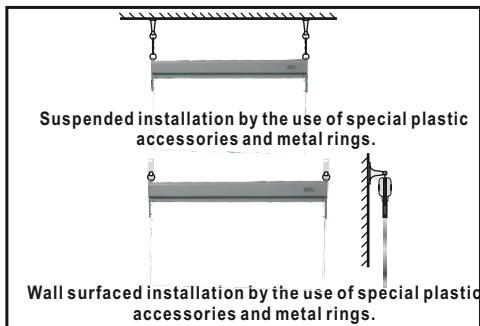

It has been designed to offer a new modern aesthetics, and is installed in places where proper guidance and information of the public is required.

The BS-528 should be placed in a conspicuous position. Suspended or wall mounted installation is possible depending on the space needs.

All the required accessories for the installation are included in the package. The following two diagrams indicate two ways of installation.

For 12V DC connection you must connect the "brown + 12V" of the terminal block to "+" of the power cable and the "blue -" of the terminal block to "-" of the power cable.

For 24V DC connection you must connect the "yellow + 24V" of the terminal block to "+" of the power cable and the "blue -" of the terminal block to "-" of the power cable.

WARRANTY

Olympia Electronics guarantees the quality, condition and operation of the goods. The period of warranty is specified in the official catalogue of Olympia Electronics and also in the technical leaflet, which accompanies each product. This warranty ceases to exist if the buyer does not follow the technical instructions included in official documents given by Olympia Electronics or if the buyer modifies the goods provided or has any repairs or re-setting done by a third party, unless Olympia Electronics has fully agreed to them in writing. Products that have been damaged can be returned to the premises of our company for repair or replacement, as long as the warranty period is valid. Olympia Electronics reserves the right to repair or to replace the returned goods and to or not charge the buyer depending on the reason of defection. Olympia Electronics reserves the right to charge or not the buyer the transportation cost.
